SKILLS:

- Python
- Streamlit
- MS Office
- Django
- GIT
- PHP
- HTML, CSS
- C
- SQL
- MS Excel
- RDBMS
- Linux

EDUCATION:

- ✓ **M.Sc. - Computer Science**
2022 - 2024
GTN Arts and Science
College.
CGPA – 7
- ✓ **B.Sc. - Computer Science**
2019 - 2022
Parvathis Arts and
Science College.
CGPA –6.7

PROFILE SUMMARY:

Dynamic knowledge of Python, with proficiency in Streamlit and foundational skills in RDBMS and SQL. Experienced in building interactive websites using Streamlit. A fresh graduate with strong problem-solving abilities and a passion for continuous learning. Eager to collaborate on impactful software development projects and contribute to innovative solutions.

PROJECTS:

Expense Tracker (python, SQL)

Led the development of an Expense Tracker, to track daily expenses, budgeting the expenses and visualize via csv file. Utilized python streamlit for frontend development, SQL for backend database management.

Online Grocery (PHP, SQL)

Led the development of an online grocery, to track offer and availability of an item in the market. Utilized PHP for frontend development, SQL for backend database management.

Plant disease Detection (Python)

Led the development of plant disease detection, to recognize the disease and suggesting a remedy to it. Utilized Python for frontend along with trained data set.

INTER-PERSONALSKILLS:

- Good Listener
- Fast Learner
- Good Communication
- Flexible to changes
- Team work
- Adaptable

CERTIFICATIONS:

- Completed “Crash Course on python” in Coursera provided by Google
- Completed “Programming in python” in Coursera provided by Meta
